

A/S Grenaa Motorfabrik

Re-powering – new life to well proven windturbines

Refurbished and up-graded second hand windturbines give excellent value in smaller and medium sized windfarms.

We perform complete refurbishment and up-grade of turbines before their new life as even better than new machines.

- Gearbox rebuild & 50/60 Hz change
- Generator reconditioning
- Yaw system repair & up-grade
- Brake systems, refurbishment
- Mainshaft and other driveline repairs
- Oil system installation & up-grade
- Pitch system refurbishment
- Other repairs and up-grades
